# OUR ETHOS:

The ethos of the SPD is to provide a customer-centric service through which a seamless and more crucially uninterrupted printing process may be possible.

The key belief with this dedicated department is to ensure that the end user is provided with high-quality spare parts, service, and technical support whenever necessary.

The SPD aims to be a source of support and strength for the printing industry and our valued patrons.

Orient has the pleasure of introducing you to the SPD or spare parts department.

As an extension of our customer-centric approach, we believe that the timely supply of high-quality parts at a competitive price is crucial for the printing industry today. Understanding this extremely important requirement, we have invested in state-of-the-art equipment and software whilst expanding our team and supply-side network to better serve our patrons.

In addition to new back-end improvements, we wish to bring to your attention some other changes as well. **ORIENT HAS OFFICIALLY REVISED ITS PRICES FOR SPAREPARTS.** Using our vast supply-side network, manufacturing prowess, and customer-centric focus we have been able to more competitively price our spare parts to ensure that our customer benefits from the use of **AFFORDABLE, HIGH QUALITY,** and **GENUINE ORIENT** parts.

The SPD now has these revised prices. As such, please contact the SPD or your respective branch or international partner for any inquiries or questions.
