

Orient X-Cel 36,000 CPH

An Introduction: Our history

The Printer's House (TPH) Orient group is a diversified group of companies founded in 1946 that is an industry leader in the manufacturing and supply of a host of engineered products from India. A renowned and trusted name globally when it comes to quality manufacturing.

The Year was 1946. K.D. Kohli, a freedom fighter and newspaperman, started The Printers House (TPH) Orient group. Since then, TPH has carved a formidable reputation as a quality conscious technology driven manufacturer of a number of products. Tph's adherence to global standards has enabled to export its products to more than 60 countries worldwide.

All our products are produced at factories in a 20 acre campus in Delhi NCR. Tph takes pride in being a company of Indian origin, started by an enterprising freedom fighter turned Newspaperman Mr. K.D. Kohli. The TPH Orient group is now a diversified group of companies and a market leader in printing machinery, packaging machinery , printing consumables , engineering services for Defence and aerospace, and solar energy.

However, it is in our humble origins we take solace and hope to continue to grow whilst supplying a product that can match any global standard.

The TPH Family

TPH boasts an employee pool filled with skilled engineers & professionals.

TPH has 10 branch offices in major Indian cities and over 30 agents worldwide

The TPH family also extends to its loyal and crucial vendor partners , some of whom have grown with us for over 60 years.

The Global Presence

With exports to over 60 countries , TPH boasts a huge export portfolio which exemplifies our commitment to deliver high quality and high precision products with world class quality.

Manufacturing facilities

- The TPH Orient group manufacturing campus spans 20 acres in area with lush green landscape
- The campus houses various manufacturing units including a CNC workshop fitted with state of the art CNC's for mechanical engineering purposes. Additionally our numerous testing and quality control equipment and pool of engineers allows us to provide world class products globally.
- Our campus has facilities for products such as printing chemicals, offset printing machines, flexo printing machines, folder gluers , die cutters, high efficiency solar modules, printing plates, printing blankets, defense and aerospace engineered products etc.

A person wearing a beanie, a face mask, and a striped jacket is reading a newspaper in a dark industrial setting. The newspaper has a large advertisement for 'NO SCARS' featuring a woman's face. The background is filled with industrial equipment and pipes, creating a complex and somewhat dimly lit environment.

ORIENT X-CEL PRESS

LATEST INSTALLATION IN AFRICA

Features:

- Speed 36,000cph
- Shaftless Footprint
- Automatic Colour Registration
- Automatic Ink Pumping
- Remote Inking
- UV Dryer
- Brushmist Dampening
- Pneumatic Controls
- Automatic Reel Changers
- Stacker

X-Cel 36,000 CPH 4HI tower

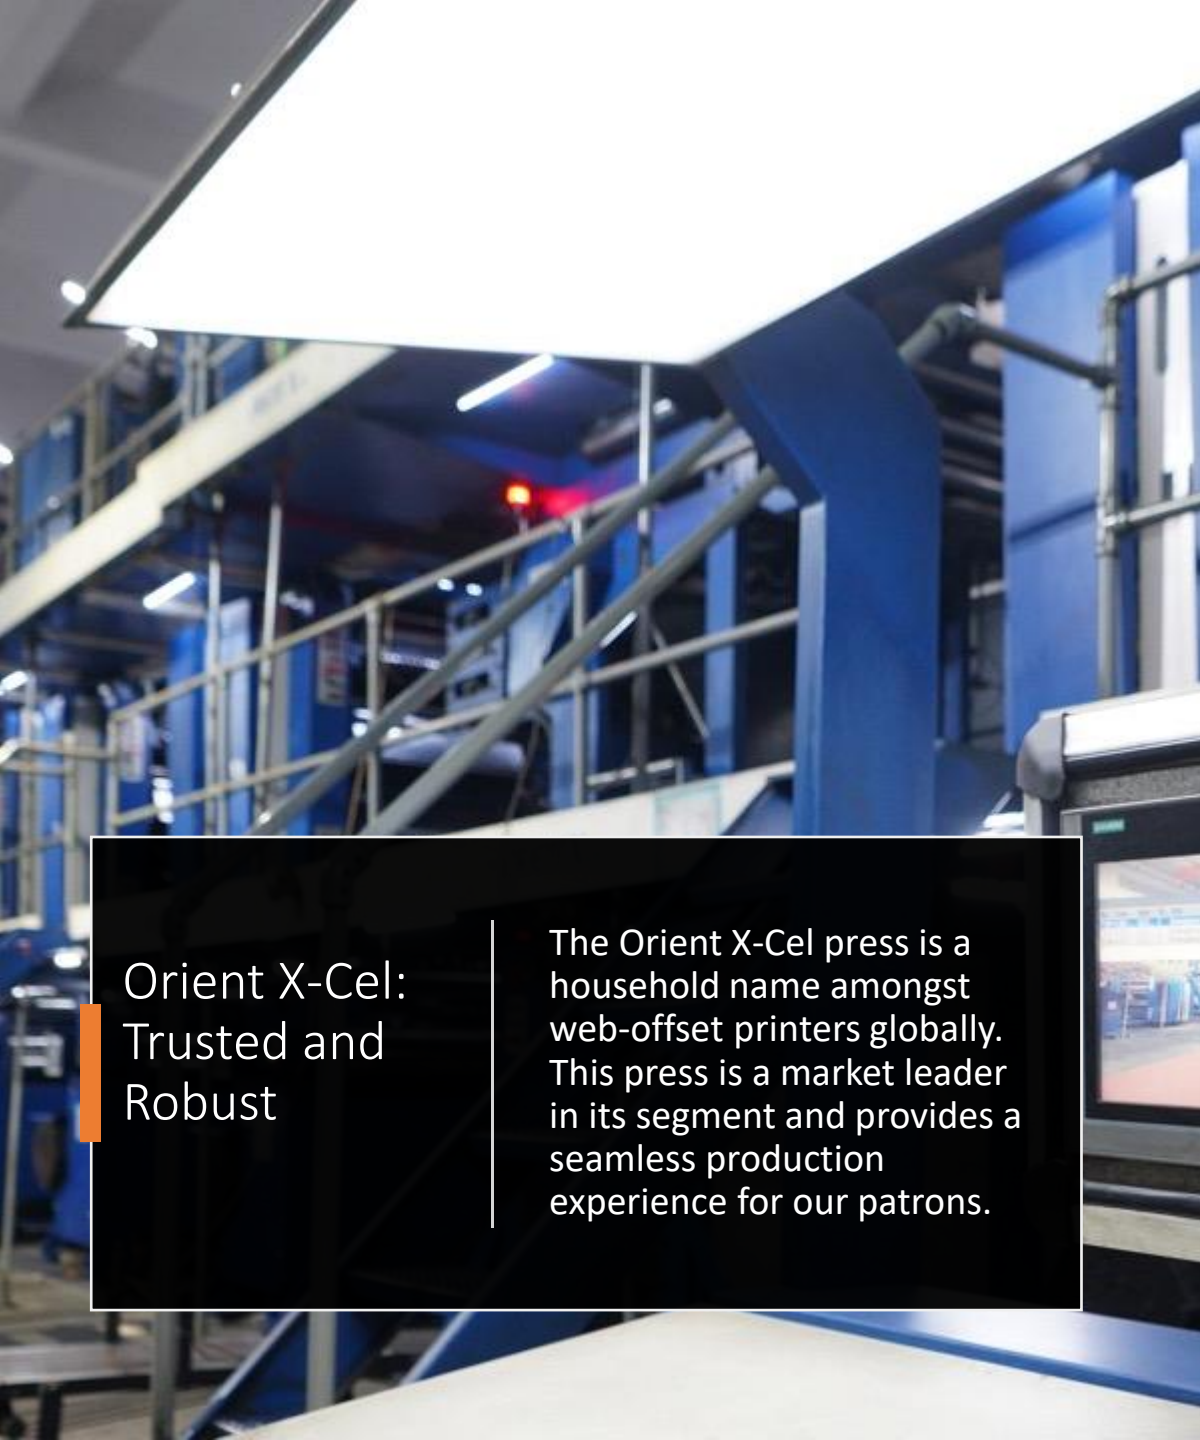

Orient X-Cel 4HI Tower

4 - high Tower

- Hardened and ground bushes in frame for plate and blanket cylinder sleeves.
- Lever-type swing-down ink fountain with overrides for ink fountain roller.
- Dynamically-balanced hard chromium plated plate and blanket cylinders
- On the nose, slit type plate lock-up system.
- Infra red web break detector
- Safety guards.
- Centralized oil pressure lubrication for drive gears.
- Provision for printing 4 colors on both sides of one web, or 2 colors on both sides of two webs, or single colour on both sides of three webs.
- Heavy-duty timer belt drive for 4 stack units.
- On the run manual adjustment for registration of 4 colors on each side of web.
- Motorized running circumferential register for loading side plate cylinders.
- Motorized side register system for both plate cylinders, on the run
- Variable-speed motorized dampening.
- Centralized water circulation system.
- PU Covered ink vibrator rollers
- Narrow gap blanket lock up
- Antiset web transfer grater roller
- Pneumatic on /off for Main impression/Ink feed/Ink form & Damper form.
- Brushmist dampening System
- Cable management system

OPTIONS

- Heavy duty Compensator
- Pillar clutch on either side of 4-hi
- Automatic grease lubrication for operating side bearing and bushes.
- Centralized water circulation system with chiller
- Dynamically-balanced solid stainless-steel plate and blanket cylinders*
- T-Bar blanket lock up system
- Spring type lock up system
- Spray dampening system
- AC drive

Orient X-Cel:
Trusted and
Robust
